Warranty

Subject to the Exclusions and Dollar Limits, 3D Printing Systems Warranty provides You with peace of mind for any Breakdown of Your Covered Item, whether as a result of mechanical issues or electrical issues that affects the functionality or operation of Your Covered Item. This means that, under 3D Printing Systems Warranty, if a Covered Item suffers a Breakdown at any time during the term of Your warranty period, the Covered Item will be repaired or replaced. This warranty is valid only for the Australian and New Zealand Market.

Your remedies under 3D Printing Systems Warranty

During the period of 3D Printing Systems Warranty, if You choose to make a claim under 3D Printing Systems Warranty and it suffers a Breakdown that does not fall within the categories of Exclusions, then We will, at Our discretion:

- Repair the Covered Item; or
- Replace the Covered Item in accordance with our Replacement Terms.

Repair

We will usually attempt to repair the Covered Item in the first instance, in which case we will work with you to identify the nature of the issue by phone or email and where possible supply the replacement parts to you. Alternatively, we will direct You to the nearest service

centre. However, We will not always elect to repair the Covered Item (for example, if We determine that repairs are unlikely to be effective or economical) and in those cases, We will replace the item in accordance with the Replacement Terms.

Repair Notice: You should be aware that, in some circumstances, goods presented for repair may be replaced by refurbished goods of the same type rather than being repaired. Refurbished parts may be used to repair the goods.

Replacement Terms

If We elect to replace the Covered Item then We will replace the Covered Item with an identical item or, if an identical item is not available, an item with equivalent specifications to the Covered Item. The cost of replacement will not exceed the original Purchase Price of the Covered Item.

Note: The replacement product We supply may have a lower selling price than the Covered Item and is a replacement based on equivalent specifications. Replacement of a Covered Item is not limited to the original manufacturer's brand due to availability of products and changes in technology. Where the original brand is no longer available for any reason, we may supply an equivalent product.

What is the duration of 3D Printing Systems Warranty?

3D Printing Systems Warranty commences on date of purchase of the product and ceases when either of the following occurs:

- The date that is twelve (12) months after the date of purchase for printers; or
- The date that is three (3) months after the date of purchase for parts, consumables and accessories and the like.

The original warranty period of any product, which has been either repaired or replaced, will not be extended beyond the original warranty period.

What if I sell the Covered Item?

If You sell the Covered Item, 3D Printing Systems Warranty cannot be transferred to the new owner.

What are the limits to Our liability under 3D Printing Systems Warranty?

Dollar Limits

The maximum amount payable by Us under 3D Printing Systems Warranty will be the original Purchase Price of Your Covered Item (inclusive of GST) per claim.

We may avoid or reduce a claim under 3D Printing Systems Warranty if You make any misrepresentation or any fraudulent or dishonest act or omission in connection with the claim.

Exclusions

The following ITEMS, COSTS and CLAIMS are excluded from cover. There are some costs that are not covered by 3D Printing Systems Warranty and which You will have to pay in the event of a claim, unless You are able to recover those costs from another person. These are as follows:

- If required, you must deliver the Product to the Service Agent at your cost, 3D Printing Systems will cover the return cost back to you. It is at your risk to transport the product to the nearest service centre. 3D Printing Systems do not accept liability for loss or damage;
- Any cost associated with access, repair, removal, replacement, installation or re-installation of the Covered Item, unless this has been approved by Us and where the cost is in addition to the costs of assessment and any freight costs;
- Normal maintenance costs, including costs relating to the cleaning, lubrication, alignment, tuning, reprogramming or adjustment to the Covered Item;
- Any loss, damage, cost or expense in relation to loss of use or consequential loss resulting from any Breakdown of the Covered Item.
